Dear Gibraltar Community,

This is an update from my previous letter to help you become more aware of the financial difficulties that Gibraltar is facing. Our immediate charge is to remove \$600,000 from the current operating budget which ends on June 30, 2010 and to look at reductions for the 2010/2011 year to keep us “in the black.”

The information on the chart represents the shortened list of suggestions that had been given to me through public meetings. These were then researched and evaluated before being presented to the Board of Education on February 24<sup>th</sup>. The Board has now given some additional direction and we now post these to keep you informed. Gibraltar School District vows to remain a strong educational institution and asks for your full cooperation as we move forward toward financial balance.

Budget Chart: <http://www.gibdist.net/gibdist/our-district/documents/ShortestBudgetList2-24-10.pdf/view>

Please feel free to contact me if you have any questions or suggestions.

Sincerely,

*Bruce S. Burger*
